

OPEN SPACE

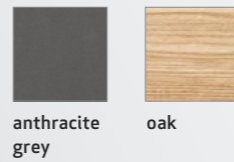

SYSTEM

Plastic profiles with grooves, fixed at the front and rear of the drawer, together with high-quality metal dividers, provide the necessary space for existing items of cutlery and other utensils. Trays made from solid wood have been crafted to fit snugly inside the angular-shaped metal dividers. Anti-slip mat inserts in a variety of colours prevent the cutlery and any accessories from slipping. The system is also available for pull-outs.

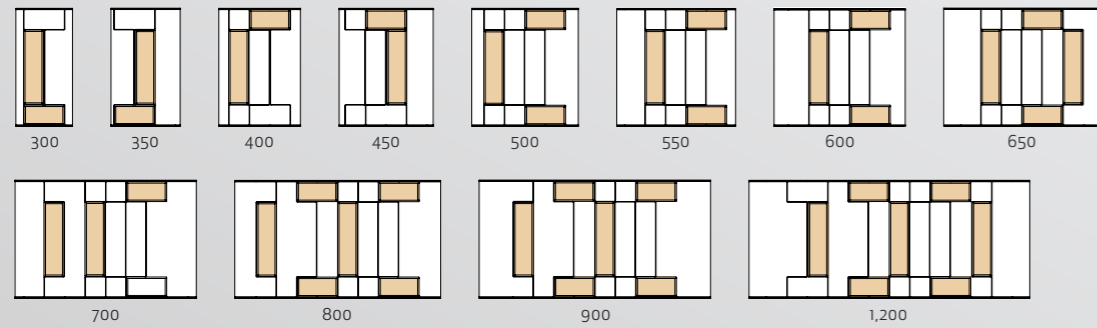

MATERIAL

- + PS profiles in anthracite grey
- + powder-coated partition elements
- + wooden trays made from oak

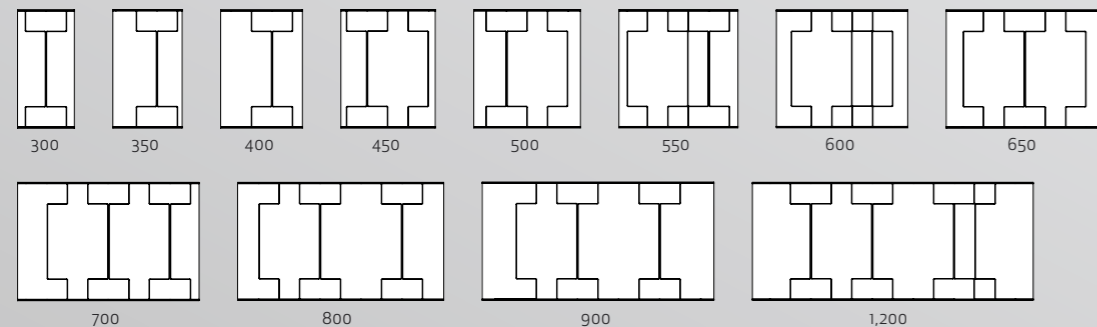

SIZES / SUGGESTED ARRANGEMENTS

OpenSpace for cutlery inserts / partition element height 51 mm

OpenSpace for pull-outs / partition element height 129 mm
